

Accessing Awake Awareness: An Evening of Inquiry with Loch Kelly

"When we realize that who we are is formless awareness we begin to lose the fear of death. When this formless awareness realizes it is also form we lose the fear of life." ~ Loch

Join us for an Evening of Inquiry with Loch. We will explore how ordinary awareness can unhook from the mind and return home to find open-hearted awareness, our true nature.

Loch Kelly is a modern teacher who shares from the heart of the non-dual traditions of awakening. He was asked by Mingyur Rinpoche to teach meditation, and by Adyashanti to share the direct path of Awakening with others.
